THE BEST OF THE ROCKIES

Glacier Stone Supply is the country's premier natural stone company providing clients with "The Best of The Rockies." Located in the picturesque Northwest corner of Montana, right in the heart of the Northern Rockies and adjacent to Glacier National Park, we are surrounded by an incredible living showcase featuring the grandeur of the Rocky Mountains. The rich glacial history of the region gives the stone a depth of color and texture incomparable to other architectural stones around the world. We are proud to deliver the timeless beauty, ruggedness and enduring nature of the Rocky Mountains to your doorstep. Glacier Stone Supply is the source for all your building projects, providing our Natural Stone in our signature Natural Lite™ Thin Veneer, Full Stone Veneer, Architectural Stone and a myriad of Landscape products.

As the largest supplier of natural stone thin veneer in the Pacific Northwest, we are currently operating 19 quarries to provide you with the exact look your project requires. Our customers range from multi-million dollar commercial and residential developments to simple fireplace and outdoor kitchen projects. Our vast distribution network covers the entire United States and Canada, as well as Europe, and the number of locations continues to grow every month. This growth can be directly attributed to Glacier Stone Supply's sincere desire to provide the highest level of customer service and to deliver above and beyond our customers' expectations. Please contact your local distributor or call us today and let us provide you the perfect natural stone solution.

NATURAL LITE™ THIN VENEER

Natural stone provides a visual class and permanence that no other interior or exterior product can provide. It has unique qualities that only Mother Nature can produce.

Natural Lite™ Thin Veneer (NLTV) is a lightweight alternative to full stone and a higher quality alternative to manufactured stone. Our natural stone, both full stone and thin veneer, is available in the following shapes: Ledge, Random/Mosaic, Squares and Rectangles, custom cuts, as well as our new zero joint contemporary line of stone.

CANYON CREEK™

The Canyon Creek family is one of our most popular stones featuring rich colors ranging from chocolate brown, tans, and blue/gray tones — true to the Northern Rockies.

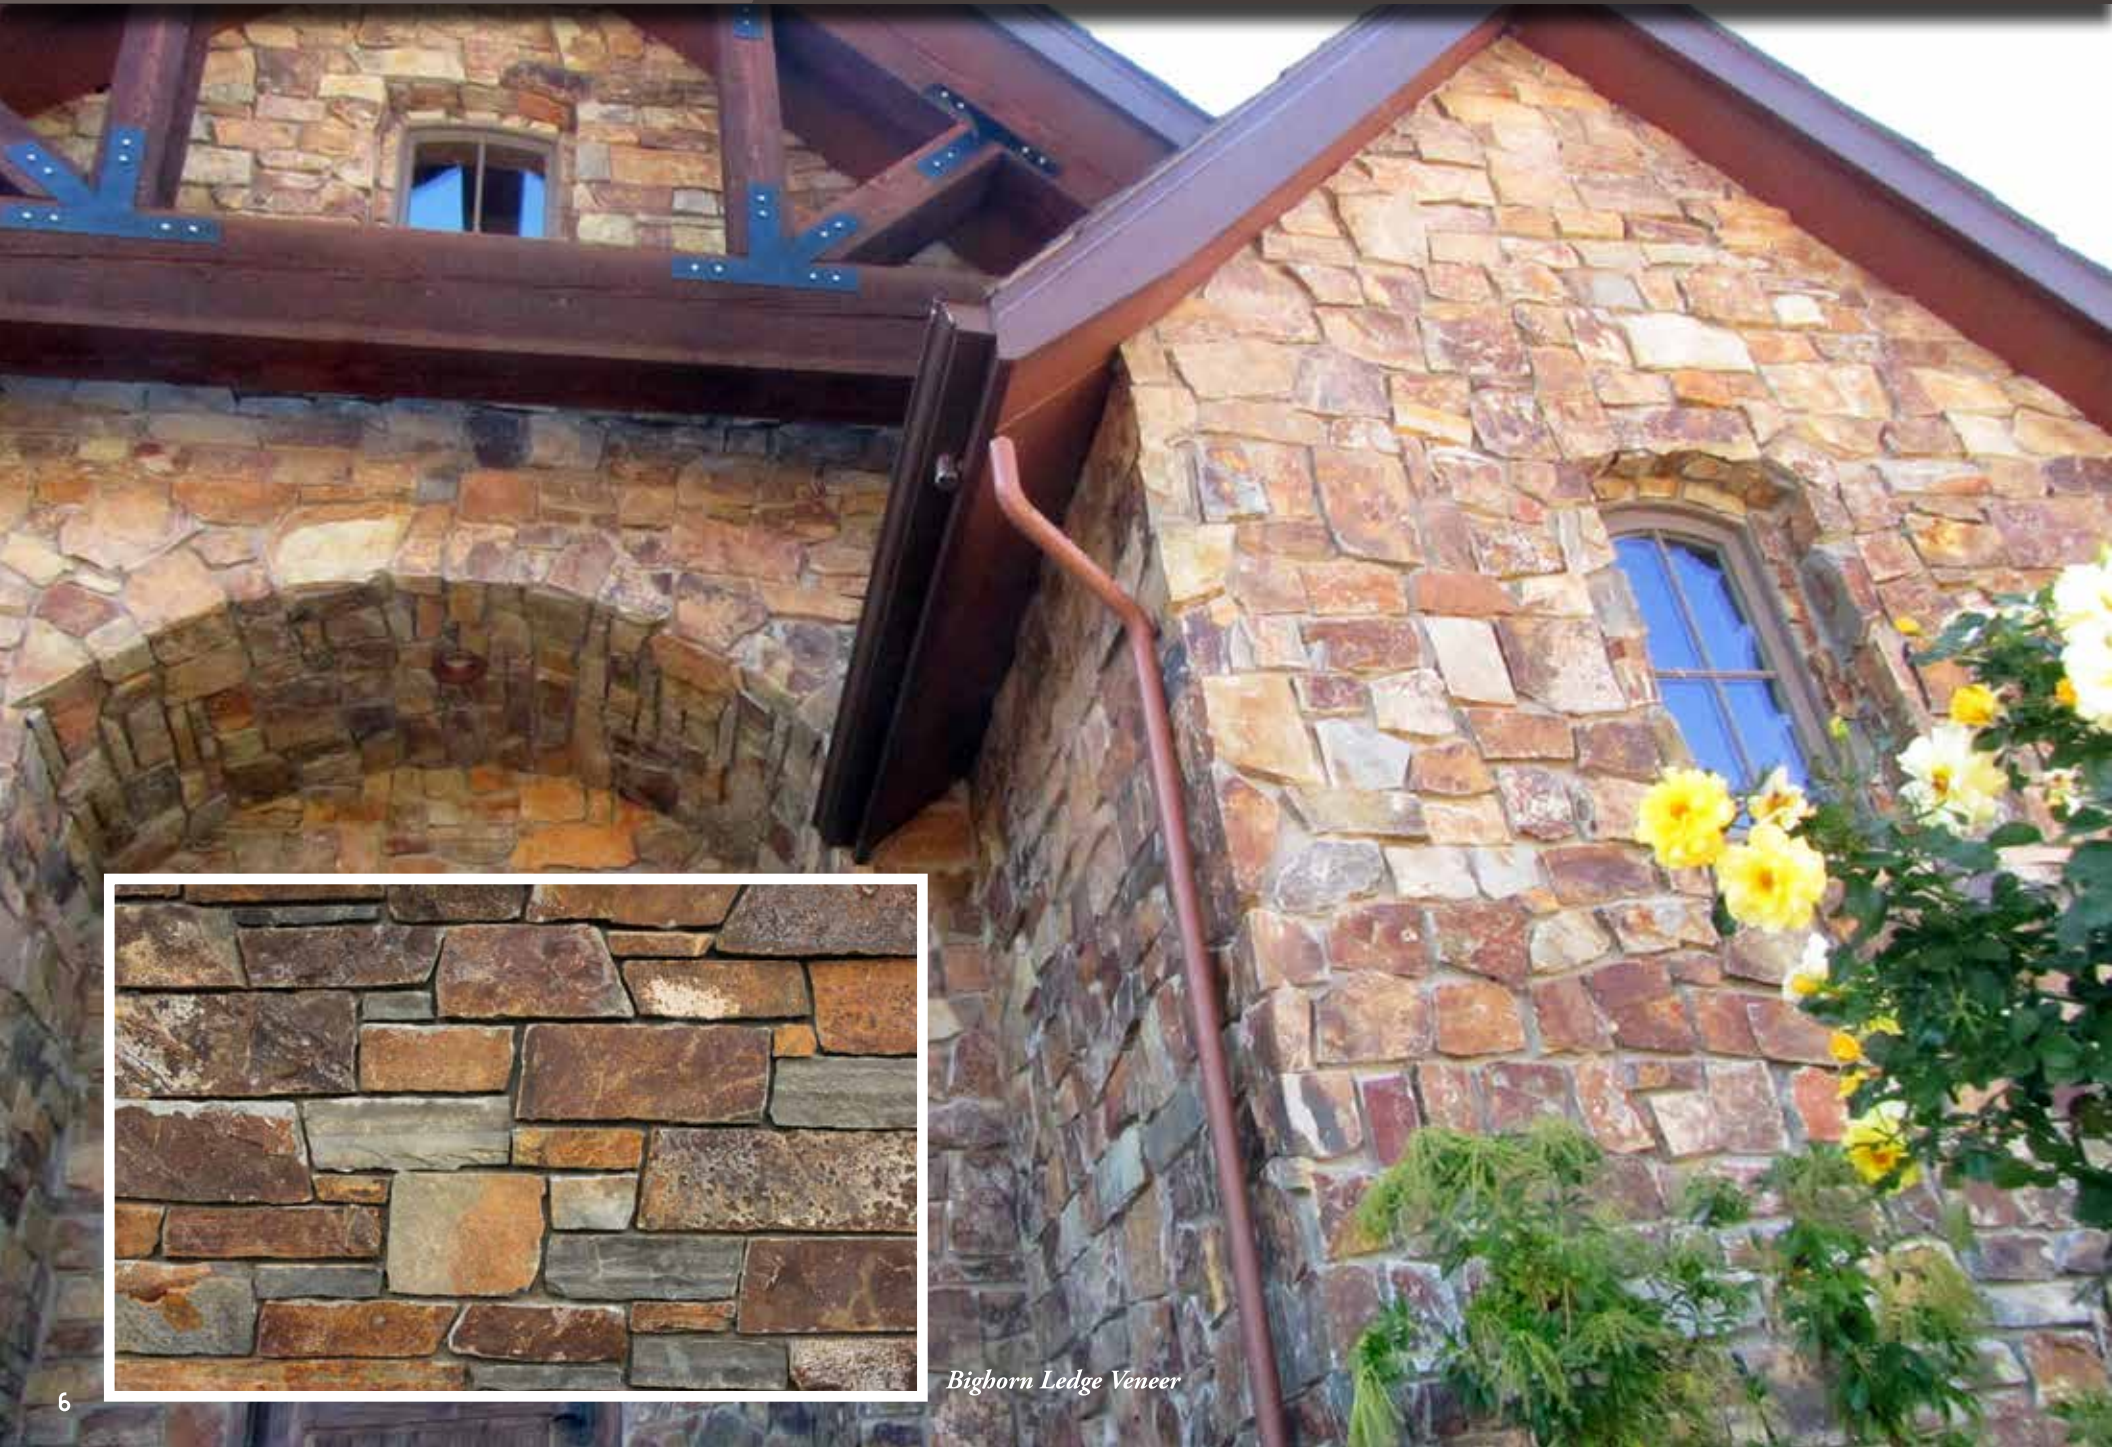

Canyon Creek Ledge Veneer

BIGHORN CREEK™

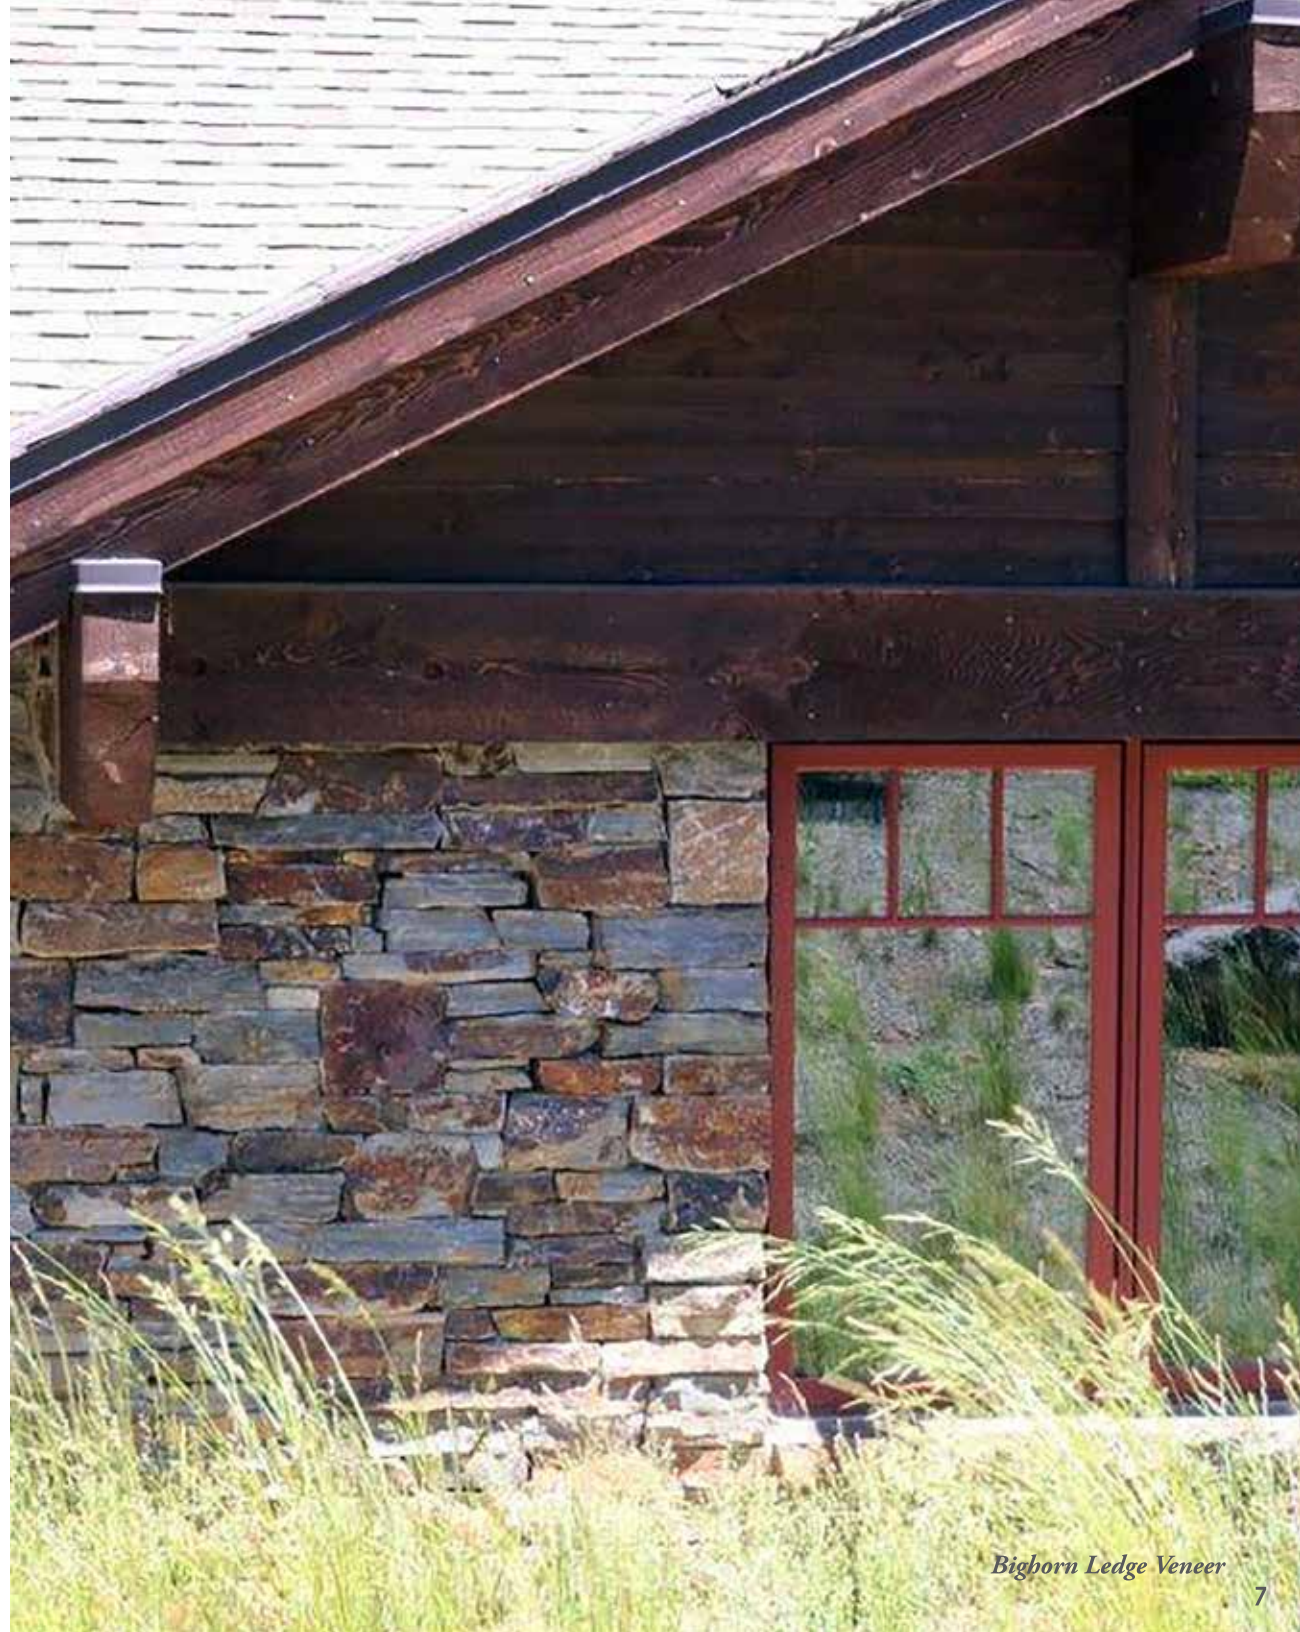

Bighorn Creek has a wide range of rich multi-colored hues of rust, bronze and copper created from the stone's iron content. Its core is a blue gray.

Loon Lake 70% Ledge, 30% Squares and Recs Full Stone

A photograph of a stone veneer wall. The wall is made of irregular, multi-colored stones in shades of brown, tan, and grey. On the right side, there is a black double door with decorative glass panels featuring a circular iron design. To the left of the door, there is a window with white trim and multiple panes. A black lantern-style light fixture hangs from the ceiling on the left. The floor is made of large, light-colored tiles. The overall scene is an outdoor or semi-outdoor area of a house.
